STEM BEGINNINGS | SESSION 1

All Sessions Limited to 12 participants ages 3-6

Babies and siblings may attend; however, participation is for ages 3-6 only.
A separate play / craft area will be available for younger siblings at the back of the room.

The Auburn Public Library is very pleased to have once again been selected to partner with and host the Young Scientists hands-on enrichment program funded by YFCP, a grant program supported by the MA Department of Early Education & Care, administered by the YMCA of Central Massachusetts and presented by STEM Beginnings LLC.

Children ages 3-6 will learn STEM (Science, Technology, Engineering, and Math) concepts through hands-on activities, story time, music and movement, STEM challenges, and age-appropriate experiments.

All Spring 2024 sessions are held on consecutive TUESDAYS from 11:00am – 11:45am
