

Create a Terrarium! **AUBURN PUBLIC LIBRARY**

Choose Your Theme: Dinosaurs | Unicorns | Safari Animals | Dragons

Children ages 6 and older who are able to separate from the parent or guardian, listen to and follow layered directions, and are excited about creating their own unique terrarium, are invited to register for this fun, educational, and creative program!
We will begin with a story and then discuss ideas and tips about designing the garden, measuring, soil, and plant care.

All materials, such as live plants, unicorns, dinosaurs, safari animals, dragons, pebbles, moss, 'ponds', decorative mushrooms, plants, container, soil, and more will be provided, as will aprons, soap and water!

Tuesday August 9th | 1:00 – 2:00pm | REGISTRATION REQUIRED | This session is for ages 6 and older only please!

Register online or call or visit the Library for assistance | Please be sure your child can attend prior to registering!

**Due to limited space, anticipated high interest in this program, and busy activity levels at different areas in the Merriam Room, only a small play space can be provided at the back of the room for younger siblings.*

**This program was designed to inspire creativity and foster social interactions with peers. Library staff are delighted to encourage and assist all children as needed!*

**A version of this program, and separate registration, for ages 3.5 – UP TO age 6 will be held on Wednesday August 10th 1:00 – 2:00 pm.*
